FLSmidth
SPARE PARTS LIST
FLS JOB#
CLIENT:
PROJECT LOCATION:
CLIENT PROPOSAL:

9141300016
Boz Clay
Kazakhstan
In Palnt Conveyors

- (4) Approved as submitted. Proceed with fabrication. ☒
- (5) Approved as noted. Forward Final, Certified Drawings to FLSmidth. Proceed with fabrication. ☐
- (6) Not approved as noted. Revise and resubmit. Do not proceed with fabrication. ☐

Dimensions & quantities have not been checked. FLSmidth's review and approval are only for conformance with the design concept of the Project and compliance with the Contract Documents/Purchase Order and are expressly limited as provided in the Contract Documents/Purchase Order. FLSmidth's review and approval do not relieve the Contractor/vendor of its obligation to perform its work in strict accordance with the Contract Documents/Purchase Order or its responsibility for errors, omissions, or deficiencies. Contractor/Vendor is, and FLSmidth is not, responsible for the quality and accuracy of its work; for all safety aspects of the work; and for conformance to the Contract Documents/Purchase Order.

Spare Parts Classification

C: code Parts that are continuously consumed during operation

W: code Parts that are subject to wear and will require regular replacement

R: code Items that, due to their function, experience deterioration of their mechanical properties

I: code Components that would cause major disruption to production in the event of failure
